**Environment, Health & Safety Professional, Springfield, MA**

Baystate Health is seeking a qualified Environment, Health & Safety Professional to join its Safety Department on a part time basis (32 hours). This position has broad responsibility which includes the coordination of environmental issues including the waste management program, construction safety, laboratory safety and chemical hygiene, emergency response activities, industrial hygiene, safety education and participation in accident investigations. The incumbent also serves as a member of the Safety Committee and functions as a consultant to all Baystate Health entities as needed.

BS/BA in environmental science or engineering, safety, chemistry or related program is required as is 3 - 5 years experience in safety and environmental management. Certification or certifiability as a CHO/CBSP/CHMM/CSP/CIH preferred. The ability to develop strategies to meet compliance objectives and strong problem solving skills in a complex, multiple facility and diverse organization are desired. Based in Springfield, the position requires travel to other Baystate Health facilities in western Massachusetts. A pre-employment physical is required and including the assessment of the ability to wear an air purifying respirator (APR) and self contained breathing apparatus.

To apply on line, please go to [www.baystatehealth.org/jobs](http://www.baystatehealth.org/jobs). See Position #55019. Include resume and salary requirements.
