**IH/Safety Specialist
Environmental Compliance Specialist
Newington, CT**

We are EnSafe, an employee-owned, global professional services firm. We strive to provide cutting-edge, creative solutions for our clients. We have an immediate need for the following positions

Industrial Hygiene / Safety Professional The positions will be based out of Newington, CT and will provide IH and Safety technical support to our customers throughout New England. We are seeking both an entry level IH&S technician and a candidate with one to three years related experience in a manufacturing or consulting environment.

Environmental Compliance Specialist The positions will be based out of Newington, CT and will provide Environmental Compliance technical support to our customers throughout New England. We are seeking a candidate with three to five years related experience in a manufacturing or consulting environment.

For all positions, a BA or BS in a related field, good written and verbal communication skills, strong work ethic, and the ability to travel are required.

Our employees are outgoing, self-motivated, and thrive in a fast-paced consulting environment. Safety is a top priority for us and this position will ensure an accident and hazard free work environment.

We offer a competitive salary and benefits, an outstanding work environment, and the opportunity to work on some really cool projects. For consideration, submit your cover letter, salary expectations, resume and at least three professional references to:

Safety Engineer, West Haven, CT

The VA has a position for a Safety Engineer with specific experience in Construction Safety and Health. The primary duty station is located in West Haven however the position will spend time at our Newington Campus and community based outpatient clinics. Healthcare is a very dynamic environment that becomes even more challenging during times of renovations, demolition or construction of new facilities. This would be a wonderful opportunity for a seasoned professional that is looking for a challenge.
