**Program Administrator  
Workers' Compensation Program  
Yale University**

Yale University is looking for a temporary Program Administrator to join its Connecticut Workers' Compensation Program. On the Long Island Sound, New Haven has outstanding arts, dining, theater and other culture, and offers easy access to all the beauty of New England and the fun of New York City.

Job Summary: The Program Administrator will provide oversight of day-to-day operations for Yale University's Connecticut Workers' Compensation Program. The Program Administrator monitors claims filed, serves as liaison with third party administrator (TPA), reviews injury reports and claim status and triages with nurse case manager. The individual will be responsible for managing claims in compliance with Yale policies and collective bargaining agreements, handling return to work and partnering with managers, HR Generalists and Environmental Health & Safety. The Program Administrator will troubleshoot cases in litigation, review settlements with TPA and external general counsel, review existing administrative procedures for opportunities for improvement, analyze claim data and identifies trends.

PLEASE NOTE: This is a temporary position only.

Required Qualifications: Bachelor's degree in a related field and three years of related experience or an equivalent combination of education and experience. Demonstrated knowledge of Workers' Compensation claims management, related laws and medical and legal terminology. Well organized, detail oriented and able to adjust to changing priorities. Excellent time management skills. Ability to analyze various types of data and produce reports for management. Advanced computer skills including Word, Excel and PowerPoint. Strong interpersonal and communication skills with ability to professionally communicate both verbally and written with employees and outside partners, recognizing and appropriately responding to others' perspectives.

Please apply. Applications must be submitted online via [yale.edu/jobs](http://yale.edu/jobs) (Refer to STARS Req ID 46449BR).

Yale University is an Affirmative Action, Equal Opportunity Employer. Yale values diversity in its faculty, staff, and students and strongly encourages applications from women and members of underrepresented minority groups.

**EHS Director, Manchester, CT**

Job description

A global manufacturing organization is seeking an EHS Director to lead the company wide EHS function. Working alongside the Corporate team, the EHS Director will indirectly manage a team of EHS professionals and will be tasked with providing leadership across the various business units and overseeing organizational compliance with local, state and federal EH&S regulations. Providing EHS support to all domestic and some international locations, the EHS Director will be required to travel up to 50% of the time.

The Role:

- Develop, strategize and implement a long-term plan for the EHS function
- Influences Plant, Production, Operations, Maintenance and country/regional/site management to drive EHS performance
- Providing practical and technical expertise, advice, and solutions to corporate, regional and site management
- Promoting continuous improvement efforts in the EHS function, integrating tactical and strategic EHS planning
- Monitors program compliance and conducts EHS audits

The Candidate:

- Bachelor’s Degree in Engineering, Occupational Health and Safety Sciences, or related technical field
- 10+ years’ progressive EHS experience within a manufacturing environment
- CSP, CIH, CHMM preferred
- Demonstrated experience of successful program implementation and management across multiple sites and businesses
- Strong leadership and communication skills with the ability to work independently and with a team.
