**Loss Control Specialist, reside in the southwestern CT area
Nationwide Insurance**

It's an exciting time to join us at Nationwide as a Loss Control Specialist! Are you a knowledgeable Loss Control Professional who has been working in risk management in the insurance industry for at least 6 years? Are you a proven performer who is ready to make the most of your knowledge and skill set? Furthermore, are you a visionary and change champion? If you answered yes, then we may have just the right fit for you. This Loss Control Specialist will have responsibilities for New England and into New York metro area as needed. The desired location for the person in this role to reside is the southwestern CT area.

Here at Nationwide our employees are part of a Fortune 69 company with an award-winning culture that has been named a Gallup Great Place to work year after year.

Why Join Us at Nationwide? It's simple as 1, 2, 3...

1. Build your personal legacy.
2. Be a champion of positive change.
3. You can make a difference in someone's life.

Your Impact – What You will be Doing

- You will be responsible for risk assessment, service delivery and management of middle market commercial accounts with premium size 100k or greater.
- You will provide technical support services to underwriting, claims, sales, members and agency partners.
- You'll have the opportunity to assist with training objectives and conduct training.

What's Needed for this Role

- Risk management/loss control experience in the insurance industry with multi-line experience.
- Strong relationship, marketing and consulting skills to interact with underwriting, agents, members and team.
- BS/BA degree in safety related field preferred. Prefer related continuing education such as ARM or CSP.

What's in it for You

1. A generous and competitive salary structure
2. Ability to work from home in the territory and the tools needed to do so including a leased company vehicle
3. Comprehensive health and wellness benefits including medical, dental and vision coverage
4. Retirement benefits including automatic enrollment in our 401(k) savings plan and even a 100% company-paid pension plan
5. Much more, we've only just scratched the surface...

A diverse and inclusive workforce is critical to Nationwide's success. Bringing together the unique characteristics of each of our associates -- ethnicity, race, religion, gender, gender identity, sexual orientation, age, nationality, disability, veteran status, as well as many other differences such as thinking styles, personalities and work experience -- is an integral part of who we are and how we operate as a company. We are proud of Nationwide's inclusive culture that supports every associate's success and encourages an environment where they can feel challenged, appreciated, respected and engaged. Nationwide, a Fortune 100 company based in Columbus, Ohio, is one of the largest and strongest diversified insurance and financial services organizations in the U.S. and is rated A+ by both A.M. Best and Standard & Poor's. The company provides a full range of insurance and financial services, including auto, commercial, homeowners, farm and life insurance; public and private sector retirement plans, annuities and mutual funds; banking and mortgages; pet, motorcycle and boat insurance. HSE Manager, Meriden, CT
Sanofi

Job description

PLEASE NOT THIS JOB WILL BE LOCATED PRIMARILY AT OUR MERIDEN SITE

The Health, Safety and Environmental (HSE) Manager is responsible for implementing programs and policies that comply with all local, state, federal and Sanofi HSE rules and regulations and strives to eliminate occupational injuries, illnesses and environmental impact. The HSE Manager is responsible for building a proactive HSE Culture based on continuous improvement and employee and contractor engagement.

Position Summary

Reporting directly to the Meriden/PR Engineering Leader, the position establishes current and long-range strategies, objectives and sets HSE operating plans and annual priorities. As a member of the Site Leadership Team this position also supports human, financial and technical resource allocation for the facility HSE Program. The position is

responsible for two sites 92 miles apart. Primary location is flexible but 10% of time in alternate location is anticipated.

Core Responsibilities

Develop and maintain a proactive Site HSE Culture that prevents HSE incidents and is aligned with Global Sanofi HSE and North American (NA) HSE program requirements and expectations.

Participate as a standing member of the NA HSE Governance Team.

Ensure compliance and remain current with all applicable federal, state, local and Sanofi environmental and occupational regulations/requirements and permits and serve as liaison with federal, state, and local regulators. Maintain a state of audit readiness for NB HSE Compliance responsibilities.

Influence and advise NB Senior Management around HSE related matters within the organization.

Provide input into projects to assure HSE risks are designed and managed in a safe, compliant and environmentally sound manner working with Project Teams and cross-functional groups.

Provide technical assistance and advice to operations managers and employees regarding HSE issues.

Lead Meriden/PR HSE Finance, HR, Quality management requirements as they relate to the HSE function including:

HSE Department Budget

Participation as a member of the Meriden/PR Site Leadership Team

Develop and operate an HSE management system that achieves continuous HSE improvement and includes, but is not limited to, the following:

Documented Meriden/PR HSE policies, programs and procedures.

Implementation of Meriden/PR HSE policies, programs and procedures.

Meriden/PR HSE risk assessments and mapping at the Department and Site level.

Establishment of annual Meriden/PR HSE objectives and targets based on NB HSE risks, hazards, environmental aspects, environmental impacts, Global Sanofi HSE priorities/strategies, and Sanofi Biologics Business priorities.

POSITION OVERVIEW

Regular HSE reviews with Meriden/PR site management

Hands-on maintenance of HSE initiatives when practical

Meriden/PR Employee HSE involvement through Department Safety Committees and Monthly HSE Correspondent meetings

Safety Investigation of all incidents with special focus on PSI and PSE incident investigations using the deep root cause and human and organizational factor methodology.

HSE audits and reviews of Meriden and Pearl River operations

HSE Recordkeeping and Site performance tracking and reporting

HSE Training and Communications as needed to support Site operations, risks and cultural development

Alignment of the HSE Management system with the Sanofi Manufacturing System (SMS) including GEMBA/Managerial Safety Visits, +QDCI etc.

Preparation and submittal of Environmental reports to local agencies

Emergency response and incident management
