**Environmental Health and Safety Specialist, Middletown CT
Arcadis**

Arcadis is seeking an Environmental Health & Safety Specialist to join our Environmental Permitting and Compliance team in Middletown, CT.

The Environmental Health & Safety Specialist will support the team/practice by performing a variety of tasks, including:

- Preparing Health & Safety Plans;
- Preparing and presenting health & safety training;
- Executing compliance tasks, related to facility operations and client requests;
- Facilitating regulatory submittals;
- Conducting regulatory research;
- Assisting with facility reviews, audits, and surveys;
- Performing data analysis; and
- Conducting site visits (e.g., for data collection, inspections/audits).

The successful candidate will have excellent verbal and written communication skills, proficient computer skills, good people skills, be well organized, professional, and able to accommodate a flexible schedule. Travel is required (estimated at 10%).

Candidates should have the following skills/experience:

- An understanding of regulatory framework
- Strong written and verbal communication skills
- Proficiency in Microsoft Office (e.g., Word, Excel, Outlook, PowerPoint) and Adobe Acrobat
- Strong time management and organizational skills
- Ability to work a flexible schedule
- Ability to work independently or with a team
- Problem solving skills

Required Qualifications

- Bachelors degree in Science, Engineering, Health & Safety or a related discipline
- 2+ years of experience

Required Driving Statement: This position requires a current valid driver's license and clean driving record.

Preferred Qualifications

- Certified Industrial Hygienist (CIH)
- Certified Safety Professional (CSP)

- Licensed Environmental Professional (LEP)
- Certified Hazardous Materials Manager (CHMM)

Why Choose Arcadis

Arcadis is the leading global design and consulting firm for natural and built assets, and we invite you to join us in partnering with our clients to deliver truly exceptional and sustainable outcomes. Contribute to the world’s most high-profile and transformative projects, from shopping centers in Shanghai and improved traffic flow in Atlanta to state-of-the-art rail systems in Doha, coastal defenses for Manhattan and cleaner air in Los Angeles.

Work alongside the industry’s foremost thought leaders and accomplished professionals, generating effective, real-world results. We are Arcadis: 27,000 people in more than 70 countries, creating value by applying our collective wisdom to every challenge. Our culture is collaborative, we believe in diversity and the power of global teamwork, and we own the responsibility to sustain the Earth and its people in a safe and balanced way.

About This Business Line

Now more than ever, businesses and governments recognize the need to incorporate environmental concerns into their decision making. As the leader in global environmental services, Arcadis has provided groundbreaking sustainable solutions for some of the world’s most complex projects. We wrote the book on environmental remediation, and our experts continue to pioneer the development and application of cutting-edge approaches in environmental planning, site evaluation, environmental construction and strategic environmental consulting. We are encouraged to innovate, apply emerging technologies and develop better solutions through global learning opportunities and workshops. Our team improves quality of life for our clients and their communities. Join us today!
